**FOR IMMEDIATE RELEASE****Anthony Field of “The Wiggles” Becomes Chiropractic’s New Spokesperson**

CARMICHAEL, Calif. – March 1, 2012 – The [Foundation for Chiropractic Progress](#) (F4CP), a not-for-profit organization dedicated to increasing awareness regarding the value of chiropractic care, is pleased to welcome Anthony Field, creator and member of “The Wiggles,” as one of its new spokespersons for 2012. Field’s inspirational story of overcoming a number of health conditions with chiropractic care is mentioned in his new book, *How I Got My Wiggle Back*.

“I was troubled by chronic back and neck pain as well as a string of digestive and food sensitivity issues that extenuated my general ill health, fueled by clinical depression, to the point that I could no longer continue,” Field says. “Chiropractic saved my life and nothing less.”

Field is the original “Blue Wiggle,” and as a world renowned icon his influence reaches parents and children across the globe. Now in good health, Field continues to perform in concerts regularly for over one million people each year.

Thrilled to have gained the support of Anthony Field, Kent S. Greenawalt, chairman, F4CP, shares, “His story is one of terrific magnitude. Its impact will positively affect the many individuals who will begin to recognize the value of chiropractic care.”

Today, as a proud spokesperson for the F4CP and a dedicated chiropractic patient, Field affirms, “This shouldn’t be our secret. We have to let everyone know what is possible!”
